

Green River Regional Educational Cooperative*Proudly Presents*

Annual Training for KY Behavior Tracker for PASS Programs

July 21, 2016 (CDT)

Workshop #113-16

GRREC Office and Training Facility • 230 Technology Way • Bowling Green

Kentucky PASS programs have been using KY Behavior Tracker, (aka BehaviorPlus™, EdPlan Behavior) to collect student behavior data. Data collected allows educators to develop plans, monitor student performance, and manage data to support results-driven instruction at the individual, district, and state levels. We will also be looking at a more structured key of values for each Behavior Resolution in order to be more consistent across the region, as well as complete a fidelity activity to improve consistency of monitored progress.

Morning Session: KY Behavior Tracker How To's and walk-through of new features

Afternoon Session: Analyzing data, program set-up, advanced reporting on student data. Please bring any student data/information to be entered. The afternoon will be used to finalize and refine set-up and program components for your PASS program, so please bring any needed materials.

Audience: KY Behavior Tracker Administrators and PASS Coaches/Paraprofessionals using this software. *Please send at least one person from each district who can share changes with users.*

Presenter: *PCG Education Trainers and Kathy Maciel, GRREC*

Attendees should bring laptop along with any questions or roadblocks you encountered this year. If you do not have a laptop, let us know so we can have one for you.
